

It Will Never Be Enough

If I had D
A million tongues A7
They couldn't thank You enough Em
For where You've brought me from G

A million hands could be D
Raised up in the air A7
To show how much I care Em
But it still wouldn't be enough G

If I had a million feet D
I could stomp the devil out A7
But it's still not enough Em
For all the victories won G

It will never D
Never be enough A7
I can never repay Em
For your mercy and grace G
It will never D
Never be enough A7
But I'll still give You praise Em
Everyday G
'Cause it will never be enough D

I could write
A million songs
To praise You all day long
For supplying all my needs

All my prayer
Just won't add up
To all the comfort
You have given me

And all my apologies
Can never amount
To the love you had
When Your Son died to set me free

It will never
Never be enough
I can never repay
For your mercy and grace
It will never
Never be enough
But I'll still give You praise
Everyday
'Cause it will never be enough

I cried unto the LORD G...D
With my voice unto the LORD G...D
Did I make my supplication. G... Bm
Poured my complaint before Him; G... A

I showed Him my trouble. G...D
When my spirit was overwhelmed G...D
He knew my path G... Bm
He'd foreseen all of the traps G... A

No one could recognize me G...D
Running scared had failed G...D
Seemed no one cared for my soul G... Bm
So I cried O LORD: G... A

You are my refuge G... A
My portion in the land of the living G... A
I am so low; please hear my cry G... A
Deliver me from those stronger than I G... A
Bring my soul out of prison G
And Your Name I'll raise A
I'll gather with the righteous G
To sing Your praise A

Worth Dying For

I'll never know why
You felt that I
Was worth dying for
I can't know the pain
Can't feel the hurt
You endured
But though You were never guilty
You took my place before the Lord
And You showed me
I was worth dying for

You bring peace in the midst of my storms

I am worth fighting for

Before I ever took a breath of life
You knew what my path would be
You know I'd make mistakes, lose my way
But You still loved me
I am trying to do Your Will
Live a life that will bring You glory
That is my purpose to fulfill
For the One who gave His all for me
