C D  
I have a chance at victory

If I keep my mind stayed on Thee

I have to stay in my lane let God take the wheel

G C  
He has not steered me wrong and He never will

C D  
Your road to success may differ from mine

G C  
But we'll both get there in His perfect time

Chorus

God is so much wiser than me

C G C D  
He sees the dangers that I cannot see

C G  
He will change my direction

C D  
Reroute my path

C G  
Close doors that were opened

C D  
To nothing but bad

C G  
If I listen to His Spirit

Em A7  
He will be my Guide

C D Em A7  
For He knows what is best for me

For He knows what is best for me

For your good

The way

Your breakthrough's very near

But you have to keep

The faith

I know it's getting rough

It seems you've been struggling long enough

But please hear Me when I say

He Loves Me

Supposed To Be

Let's just say my life is not  
Exactly where I thought it would be  
But something very deep within  
Says there's a path I must follow - A perfect place for me  
I've tried my own way  
I've run my own course  
I've attempted to take dreams by force  
But there's one right road  
That I need to choose  
So, Lord I will follow You  
And...

If I listen to the world  
And where they say I should be  
I would be broken hearted  
But I know You have my best in mind - A perfect plan for  
me  
It hasn't been easy  
To choose what is right  
Everyday is a constant fight  
But at the end of my life  
I want o hear, "Well done,"  
So I choose the Holy One  
And...

Em  
I'm not going to cry  
D  
No more tears falling from my eyes  
C  
And I'll tell you why  
G  
'Cause, as far as I know  
D C  
This is how it's supposed to be

Em  
I'm not going to sigh  
D  
No more complaints from me  
C  
And I'll tell you why  
G  
'Cause, as far as I know  
D C  
This is how it's supposed to be

I'm trusting You (3x)  
That where I am is where I'm supposed  
I'll follow You (3x)  
So that where I am is where I'm supposed to be  
I worship You  
'Cause where I am is where I'm supposed to be
